## History :

Launay was built in the 17th century and was meant to be a simple hunting lodge. The oldest parts are the two pavilions located in the courtyard and the central part of the castle. Several architectural modifications took place during the 18<sup>th</sup> and 19<sup>th</sup> centuries namely the addition of both wings of the castle and the increase in height of the center portion of the building.

Ever since 2000, Launay Castle has been hosting prestigious teams for the 24 hours of Le Mans as well as for the famous “Le Mans Classic”.

- **P.S : Launay Castle is located 28 km from Le Mans and 6 km from Connerré (where an exit from highway A11 is scheduled in 2019)**
- **GPS Coordinates: 48° 06' 19" N / 0° 34' 29" E**

***Helicopter landings are possible within the grounds of the property.***
